TROPICO INTER-URBAN SENTINEL

(Established 1910)

Published every Thursday at Tropico, California, and devoted to the best interests and future welfare of the most healthful city in the San Fernando Valley. Come and see for yourself.

Gertrude Gibbs .. Editor and Owner
Edith A. Cross Associate Editor
Telephone: Glendale 1500.

"Entered as second-class matter May 23, 1916, at the postoffice at Los Angeles, Cal., under the Act of arch 3, 1879."

OFFICIAL PAPER OF THE CITY
Subscription, \$1.00 per year.

Advertising rates furnished on application. The Value of the Tropico Interurban Sentinel as an advertising medium is obvious when its field at the head of the San Fernando Valley is considered. The nature of the paper, the character of its subscribers and the class of advertising it carries tell the whole story.

Prior to the first of January the Sentinel reported about ten new garages. The good work has continued in that line. An examination of the records of the Building Inspector's office reveals the fact that four permits have been taken out in January and February, viz: Mr. Veselich of 601 Vassar, J. Whitaker of 312 Oak Drive, R. G. Cates of 211 Glendale avenue and C. D. Westlake of 134 West Eulalia.

Reports continue to rech the Sentinel of improvement in business. Hotel Tropico is entertaining more guests both permanent and transient than at any time within the past six months. The list of new comers who have taken apartments for a permanent stay includes Mr. S. Fife, a travelling optician from Oakland, Cal., W. B. Sigmon of Lincoln, Nebraska, who has entered the employ of the Pacific Tile Factory, M. W. Moss, representing the Crown Laundry, Mrs. W. B. Foster and her son, Fred Foster, who is in the picture show business, and Mr. and Mrs. Hendrickson.

TROPICO Interurban SENTINEL

Glorious plans made by Walt Le Noir Church, secretary of the Glendale Chamber of Commerce and staff contributor to the Glendale News, which were presented to the High School P. T. A. last Monday did not seem to meet with the response he expected. His proposition was to organize a Junior Chamber of Commerce in the High School to co-operate with Glendale's Senior Chamber in its promotion work, particularly in its efforts to build a greater Glendale by the consolidation with it of Tropico, Eagle Rock and La Crescenta. Members of the faculty gently turned the plan down and unless the Sentinel's representative entirely missed the smiles which passed over their faces, the mothers present fully agreed with Mr. Howe that high school students are sufficiently occupied with their studies and school activities without having civic responsibilities imposed upon them. The Sentinel is confident that Tropico parents would vigorously protest against any attempt to make their children work for the Tropico Chamber of Commerce. Is it to be expected, therefore, that they would favor a plant to draft them into the service of the Glendale Chamber for the purpose of pulling its chestnuts out of the fire?

The Mothers' Club of the Acacia school meets Friday afternoon March 16th. Mrs. Alma V. Lafferty, a former member of the Assembly of Colorado, will speak on vocational training. There will be music, refreshments and the usual good time.

Mr. W. E. Ireland has sold his grocery to Mr. C. E. Boss of Burbank, who took possession Monday.

On account of ill health Mr. Gile of Blanche avenue has sold out his cigar business in Los Angeles and is now at home.

Mr. H. C. Seaman and family came up from Imperial Valley Saturday morning for a week's visit with the Harveys and with the eastern relatives who have been spending the winter in Pasadena. In spite of the fact that their train reached Los Angeles at 6 a. m. Mr. Harvey cheerfully met them in his willing little Ford and brought them home in good time for a much appreciated breakfast.

W. R. C. PRESENTS FLAG

Last Friday was an eventful day at the Cerritos avenue school. At two o'clock passers by saw the pupils assembled in the school yard and about sixty mothers, many of them members of the Woman's Relief Corps of the N. P. Banks Post who had come to present to the school a beautiful new flag to take the place of the faded, tattered rag which has for some time advertised the needs of the school. The children participated in the affair with enthusiasm, singing "Star Spangled Banner" and "Rally 'Round the Flag," with much spirit, and Miss Brown's primary pupils sang a flag song. Miss Cora Hickman told the children about the first flag and how it came to be, and introduced Mrs. Susie Ogier of Burbank, the Patriotic Instructor of the W. R. C. She presented the flag for the corps with a very fitting and patriotic little speech. Mrs. Charles Barker on behalf of the Board of Trustees, accepted the gift with an appropriate speech in which she endeavored to make the children feel the great interest which the members of the corps have in them, and their desire that the children should love as they do, the flag of their country. She tried to express what the flag meant to our forefathers, to us; that it stands for freedom, justice, union, strength, and calls for reverence, love, loyalty and devotion to the sacrifice of life, if need be.

The school gave the salute to the flag and also gave three rousing cheers for the Woman's Relief Corps, the G. A. R. and the flag, an exercise of the lungs which they greatly enjoyed.

CHEERFULNESS.

Cheerfulness is a virtue that every one should cultivate. Cheerfulness is a thing to be more profoundly grateful for than all genius ever inspired or talent accomplished. Next best to spontaneous cheeriness is deliberate, intended and persistent cheeriness, which we can create, cultivate and so foster and cherish that after a few years the world will never suspect that it was not a hereditary gift.—Helen Hunt Jackson.

If They Told the Truth.

Just received your dinky little present. Pity you thought it was necessary to give me anything, but consoling to think your reputation for general meanness remains unchallenged.

At the family dinner party, by the host, looking around: "Well, I have never realized before what a motley lot of relatives I have. My wife and I have been dreading this dinner for weeks, but now that it is almost over I'm beginning to feel positively cheerful. Here's to you. May we never meet again!"—Life.

Too Much Air.

Colonel Cody (Buffalo Bill) used to tell a story about an Englishman who had never been in the west before and who was his guest. They were riding through a Rocky mountain canyon one day, when suddenly a tremendous gust of wind came swooping down upon them and actually carried the Englishman clean off the wagon seat. After he had been picked up he combed the sand and gravel out of his whiskers and said:

"I say! I think you overdo ventilation in this country!"

A sort of gunpowder for blasting purposes was used in the Harz mountains, Germany, in 1200.

CERRITOS P. T. A.

Following the ceremonies attending the presentation of the flag by the W. R. C., members of the Parent-Teacher Association assembled for a cup of coffee and the visiting that always precedes the meeting, and then gathered in Mr. Kennedy's room for the program and transaction of business. So large was the meeting that chairs had to be brought in to accommodate all who came. The first business after the reading of minutes was the vote for the picture, which Miss Mintner's room secured for the coming month, eleven votes standing to her credit. Various announcements were made and then the Treasurer's report was called for. It showed balance on hand January first about \$12, balance on hand March first, after a payment of \$25 on victrola, \$58.25. This pleasing financial improvement was the result of the entertainment given at Union High, candy and popcorn sales, etc. The association then voted to instruct the treasurer to pay \$25, balance due, on victrola.

The question of a greatly needed rest room for teachers and pupils in case of illness, came up for discussion. Mrs. Gaarder, president, explained that \$50 to \$60 would be needed to prepare and equip such a room as they had in mind, and there were not sufficient funds in the treasury. Mrs. Melrose offered to donate a screen and the matter was finally left to a committee to determine what temporary arrangements could be made to meet the need during the balance of the school year. Members were urged to save papers to be sold by the association and to call up Mrs. Walsh or Mrs. Hartley Shaw, who would call for them. Dorothy Shaw played very creditably a pleasing piano number and then was introduced the speaker, Mrs. Charles H. Lee of South Pasadena, whose theme was: "Recreation for Mothers." She emphasized in various ways the absolute need of recreation by mothers, not for their own pleasure alone, but for their physical and mental well being and efficiency in the home. This, she said, calls for strength of purpose on the part of the mother and co-operation on the part of the father of the children. She spoke more than one good word for "play." Said she: "Play for play's sake is buoyant and alive. It takes planning and initiative." She spoke also of the recreation which comes

through work which may result from the point of view from which a mother regards her tasks. She may sometimes lift them by her mental attitude from a drudgery to a diversion. In some way before the day ends the mother should grasp something that recreates the tired mind. "Mothers that count," said she, "are those who have vision and perseverance to live up to it without permitting themselves to become intoxicated by either work or play."

Mrs. Shaw told how she had found recreation in the midst of work by having a book open and at hand with which she could feed her mind while her hands were busy with a dish rag or a needle. Mrs. Carmack told of a talk which had helped her on "Spiritual Housekeeping" which taught her to busy her mind with Johnny's soul

while patching Johnny's trousers. Other suggestions were made which showed that Mrs. Lee's talk had been suggestive and helpful.

Before the meeting closed Mrs. Gaarder voiced the thanks of the Association to the Woman's Relief Corps for the gift of the flag. Then all united in singing "America," led by Mrs. Shaw at the piano.

THE GLENDALE DYE WORKS, L. DeLONCO, Prop'r.**UNION HIGH P. T. A.**

That the P. T. A. of Union High is quite a live organization was demonstrated Monday afternoon when the class-room in which its meeting was held was filled to overflowing and extra chairs had to be brought in while it was in session. The boys' and girls' glee clubs furnished the musical numbers and an address was made by Mr. Church, secretary of the re-organized Glendale Chamber of Commerce, who urged the formation of a Junior Chamber of Commerce in the High School to be affiliated with the senior organization and assist it in its efforts for civic improvement and for the consolidation of the cities of Glendale, Tropic, La Crescenta and Eagle Rock. He urged that the practice student would thus get in practical civics would fit them for the duties of citizenship. Instructors who were present praised the idea but hedged on its practicability. Mr. Howe, who has charge of civics, said he did not well see where it could be worked into the curriculum with all the other school work and outside activities which students were carrying. At the request of a member he described the practical work in civics which the boys and girls are getting through the assembly and senate of the student body, their working committees, etc. Mr. Moyse deprecated any movement which would appear to commit the school to work for the consolidation of cities which prefer their independence. The Treasurer reported 61 members and \$20.23 in the treasury, and announcement was made of entertainments to raise funds for the P. T. A. Federation. Mr. Ferguson, the president, was chosen to represent the association on the nominating committee of the Federation. At the close of the meeting everybody adjourned to the school cafeteria where refreshments were served.

Seal Beach has sold the water and sewer bonds voted recently and has begun paving and other civic improvements for the betterment of this resort city. It is opening its social season with a unique "SNOWBALL Dance" March 27th. The decorations for this unique function have been imported from Chicago, and a "snow battle" on the ballroom floor is one of the novelties promised.

YEOMEN'S CARNIVAL

Tonight the Yeomen and their friends will repeat the gorgeous entertainment they had last night at their carnival. They have been shrewd enough to realize that first impressions are most effective and have made their stairway approach a beautiful bower of eucalyptus branches. Palms, flags and more eucalyptus made the auditorium beautiful where dancing led by Busch's orchestra, was conducted with the enthusiasm which always marks Yeomen affairs. The concession and their barkers, the confetti, the refreshment stands, the rollicking spirit of those who came to enjoy the good time, made it a genuine carnival of fun, and it will probably yield excellent returns to the treasury of this enterprising lodge.

SCHOOL GARDEN SOCIETY

A garden society has been formed by about sixty boys of the Cerritos avenue school. Through the generosity of the Richardson estate, the school has secured the use of the land vacated by the Sunset Nursery. The boys have worked like beavers to clear the land of shrubs and debris and one tree has been cut. With the land they already have, the school now boasts about an acre of excellent garden soil. Half of this has been plowed and prepared for potatoes, which were planted Saturday. Parents and neighbors have been interested in the proposition and helped the boys in one way and another. From the Department of Agriculture a sack of garden seeds has been obtained and a fine plantation is in prospect. The boys plan to devote the proceeds of their potato harvest to a fund for athletics, but a few dollars will be spent for a holiday at the beach on which Mr. Kennedy will accompany them. It is a fine scheme. The boys enjoy working together and it is a good thing for them physically and otherwise. Mr. Kennedy also stated that if Tropic citizens want any clean-up work done, the boys will be glad to do it at very reasonable rates, and their team work will enable them to accomplish much in a short time.

Miss Burns of New York is the guest of her brother, Mr. Kerr of Atwater avenue.

TROPICO'S HOSPITAL CHANGES HANDS

New Management Announces Plans

TO THE PEOPLE OF TROPICO:—

Appreciating as we do the value of public favor, we are going to ask the people of Tropic who are interested in good things for their town, to favor us with their presence at the opening of our Relax Home and Hospital, which will take place Thursday, March 15th from 2 to 5 p. m. in the beautiful building at 525 North San Fernando Boulevard, formerly known as the Mission Hospital.

We are sparing neither expense nor energy in establishing ourselves in one of the most favorable situations for humane work, i. e. for giving care in a humane way to those who need such care at an institution for the purpose of regaining health and spirits.

We have something unusual to present to people here and at large: A special method of caring for those in need of surgical treatment as well as for those in need of medical attention or just REST. The two departments will be as separate as if a block apart owing to the fortunate architectural construction of the hospital. This we can demonstrate if you will be kind enough to visit us and see how we have made provision for the two ventures.

Every worth-while person has an ambition to do something worth while. Our ambition is to make this institution a pattern for others, besides making a reputation for ourselves. How much easier this will be for us if we can have the good will of our neighbors, cannot be measured. We are simply on probation until we can prove our good intent. We ask you to give us your friendly acquaintance and if we can assure you of our sincerity and worth, the rest naturally follows.

Thanking you in advance for the spirit of good will which we are confident of receiving,

We are most sincerely,
MRS GRACE M. ROTTNER, Supt.
DR. B. L. BAKER, House Physician.

Mrs. Eustace B. Moore of Blanche avenue has been confined to her bed for a week with an acute attack of bronchitis.

To raise funds for the Glendale P. T. A. Federation, a children's vaudeville will be given Friday evening, March 9, and Saturday afternoon at Union High auditorium.

"GENTLEMEN'S NIGHT"

"Gentlemen's Night" was such a success that it will not be at all surprising if more such evenings are provided by the Thursday Afternoon Club. Floral decorations arranged by Mrs. Ella Richardson, Chairman of Civics, assisted by Mrs. Seeley Moe, supplemented by rugs and other adornments made the audience chamber very attractive and suitable for a social function, while the gracious welcome extended by the president and members of the civics and hospitality committees made every guest feel at home. As usual, Mrs. Kimberly presided and after the preliminary announcements of coming events, greeted the audience with a characteristic little speech in which she told the husbands and

brothers that the club wished them to understand that it is interested in things more important than the "pink teas" for which women's organizations have so frequently been reproached.

The committee of arrangements had wisely provided a good but very simple program which included some fine musical numbers. Two of these were piano solos contributed by Miss Mellicent Virden, viz: Rubenstein's "Boat Song," and "The Brook," by Leschetizky, Miss Lenore Allen singing "The Violet" and "Star of Me" accompanied by Miss Virden on the piano.

The speaker of the evening was Mrs. W. A. Galentine of Redondo, chairman of civics of the District Federation, and president of the District Congress of Mothers.

A woman of charming personality, she was too thoroughly absorbed in her theme to have room for any self consciousness. It was a rapid fire, practical talk, perfectly applicable to Tropico's problems, enlivened with touches of humor and personal appeals which completely won her audience. She said in the beginning that ours has been termed the "urban age" because modern life leads away from the independence and isolation of the farm of pioneer days and has taken our household industries out of the home and organized them into businesses carried on by men. This evolution, she pointed out, has given us a new kind of housekeeping, "civic housekeeping" which is necessary to insure the getting of good, genuine products, and our money's worth. It has compelled women to study modern problems and to share with men the responsibilities of our more complex community life. She predicted that the time would come when instead of women's clubs we would have "People's clubs," made up of men and women working together to solve civic questions.

She referred to woman's instinct to "make things pretty" and to the final awakening of American men to the idea that civic beauty is a commercial asset. Europe, she said, has always appreciated beauty and that has been the secret of its lure for the tourist. Several phases of sanitation were touched upon, and in referring to her work in connection with moving picture shows, she said she had found that in very many places the air needed censoring more than the pictures. She declared that no community should rest until it has a building ordinance requiring proper ventilating systems in public halls, and then strictly enforces the ordinance. Coming at last to moral problems she made an appeal to her listeners to look with charity upon the law breaker as an unfortunate rather than a criminal, and in dealing with the case to seek reform rather than punishment. The program closed with the singing of America and then dainty refreshments were served.

Mr. Davis is in receipt of a letter from his partner Mr. Curl, stating that his father passed away last Thursday and was buried Saturday at Cardington, Ohio. Mr. Curl will probably return next week.

AFTER CLAPS OF THE MINSTREL SHOW

The Sentinel's editor was fortunate in being able to attend the second performance of the Minstrel and Vaudeville held under the auspices of Twin City Lodge, K. of P. last week, and was much impressed not alone with the excellence and variety of the program, but with the amount of original work it represented. Mr. Joseph Griffin, who was tireless in superintending its production, was himself the author of the clever little after piece "The Bored Meetin'" and also wrote the minstrel dialogue, though his modesty forbade any hint of his authorship to appear on the program. It was all fine. The Olio alone, which included Mr. Hibbert's clever legerdemain, was a program in itself. Mrs. William Crawford through her intelligent co-operation greatly helped the performance by filling in the gaps and otherwise utilizing her musical gifts. It afforded another

Revival of Dramatic Club

demonstration of the astonishing amount of talent which Tropicco possesses, and the writer was much gratified to learn that a movement is stirring to reorganize the dramatic club which gave such delightful plays a few years ago. Now that the stage of the K. P. Hall has been in some measure equipped, it can be used to advantage for such entertainments, and this vaudeville was undertaken in part to try out conditions with this end in view. Mr. Hibbert is authority for the statement that the lodge will clear \$55 to \$60, counting in the stage equipment, which is a permanent asset that will enable it to lease the hall for a variety of uses.

Mr. John Easton, father of William H. Easton, the hotel and restaurant proprietor, was taken to Thornycroft Hospital early Monday morning for an operation upon his foot which had been injured by a heavy piece of iron falling upon it, resulting in blood poisoning. After critical examination it was found necessary to amputate the leg just below the knee. The operation was performed by Doctors Young and Smith and at this writing the patient is doing well with a good chance of recovery in spite of his advanced age.

SICK WIFE'S STORY SURPRISES TROPICO

The following has surprised Tropicco: A business man's wife suffered from dyspepsia and constipation for years. Although she dieted she was so bloated her clothes would not fit. ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Adler-ika relieved her INSTANTLY. Because Adler-ika empties BOTH large and small intestine it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. A Fine Chef in the Kitchen

A DAUGHTER OF THE GODS

William Fox's million-dollar picture beautiful, featuring Annette Kellermann, is being shown to crowds at Clune's Auditorium Theatre in Los Angeles. It is described by all the Los Angeles critics as the most magnificent cinema achievement yet put on view—a dazzling series of gorgeous views in the garb of photodrama of exceptional charm.

Annette Kellermann, the most wonderfully fashioned woman in the world, has for the first time in her life the play, the settings and the backing

which enable her to do herself justice. She not only has been displayed to the best advantage in the most exquisite natural surroundings, but is given such a diversity of action that she can employ her remarkable talents to the full.

In diving, swimming, dancing, acting and even fighting in armor she establishes herself, not only as the Venus of the screen, but as its most versatile and talented actress. Her supporting cast includes a school of bewitching mermaids, charming children, a valley of gnomes, a harem of houris, a bevy of Oriental dancing girls, a sultan, a prince, slaves and eunuchs galore and warriors legion.

RELAX HOME AND HOSPITAL

The attention of readers is directed to the announcement elsewhere of the reopening of Tropico's beautiful hospital on North San Fernando boulevard, under the new name "Relax Home and Hospital," which the public is invited to inspect Thursday afternoon, March 15th, from 2 to 5 o'clock. Mrs. Grace M. Rottner of Glendale is well fitted by experience for the superintendency, and D. B. L. Baker, of Seattle, who will be house physician, has made an enviable reputation in the north and is thoroughly experienced in Institutional work on the Sound. They wish to establish cordial relations with the people of Tropico and hope its citizens will respond to their invitation.

Mr. F. B. Webster of Blanche avenue has sold his cigar business in Los Angeles and now has charge of the sales department of the Ford Agency in Glendale. As Tropico citizens continue to build garages and buy cars, he is likely to get some business in his home city.

The Steam Clay Baths at 935 West Seventh street, Los Angeles, are operated by responsible parties known to the Sentinel staff and they are all right.

THE MISSION PLAY AT SAN GABRIEL

It was good news for the people of California and the throngs of visiting tourists that the world-famed and well beloved Mission Play would reopen in its own historic theatre for a brief season beginning with a matinee at 2:30 o'clock, Sunday afternoon, March 4.

This good news was greatly augmented by the announcement that Mr. Tyrone Power, probably the greatest living English speaking actor, would essay the leading historic role of Fray Junipero Serra. Thousands of Californians who have witnessed the Mission Play time and again will be more eager now than ever to see it because of the appearance of Tyrone Power, if for no other reason.

The reassembled cast of players includes not only the original band of performers but will have in addition several new actors selected for their exceptional abilities. Miss Lucretia del Valle returns, and the famous Spanish singers and dancers, as well as the marvelous expert Indian dancers who have for years delighted Mission Play audiences, will all be back.

Hares as They Run.

A hare will dart in the path of a glant locomotive at night and run at the rate of sixty miles an hour in the full glare of the headlight and finally drop exhausted. It will never leap from between the rails to a place of safety. The hare pursues the same tactics on the highway when autos are speeding.

Old Age.

Old age is not the slowing up of the circulation of the blood, but the running down of interest in life. Never give up expecting something new and interesting and you will always be young.

It takes a blacksmith to shoe a horse, but anybody can shoe a hob.—Philadelphia Record.
